EDUCATION

George Washington University, Columbian School of Arts and Sciences, Washington, DC

Summa Cum Laude — B.S. Environmental and Sustainability Science; Political Science; Public Policy Focus

Relevant Coursework: Planning Cities, State & Urban Policy, Ecology, Field Methods in Geography, Environmental Law & Policy

The University of Sydney, Sydney, Australia

Study Abroad Program

WORK EXPERIENCE

Freedom Boat Club

Chicago, IL

Dock Manager

Summer 2022 – Present

- Began as Dock Master in a seasonal position, independently supervising 5 team members. Promoted to Dock Manager, training & managing staff of 11. Handled dock finances, set schedules, divided tips, and completed performance evaluations
- Managed daily logistics for 20+ reservations/day, oversaw cash handling and budget tracking, developed onboarding materials and process documentation, and achieved the top corporate inspection score among Chicago-area locations

Chicago Highlands

Westchester, IL

Server/Bartender

Spring 2026 – Present

- Delivered personalized food and beverage service in an upscale private club setting, building rapport with a high-standard, wealthy membership through professional communication and attention to detail
- Set up, executed, and broke down private events of 30+ people including engagement parties and other member functions

Tap99

Washington, DC

Front of House Team Member

Fall 2024 – Summer 2025

- Communicated a novel self-serve concept to guests, supported event setup, and hosted weekly trivia for 30+ guests

PropCode

Sydney, Australia

Intern

Spring 2025

- Worked closely with the CEO and co-founder of a small urban planning AI startup to coordinate the collection, review, and organization of dense zoning, land use, and planning regulations across multiple jurisdictions in structured spreadsheets to be codified for the AI tool
- Used QGIS to produce property-based spatial datasets integrating jurisdictional planning data with site-level analysis

PROJECTS

GWU Department of Geography and Environment

George Washington University

Researcher — Green Area Ratio

Spring – Summer 2026

- Studied DC's Green Area Ratio performance-based zoning policy with Dr. Melissa Keeley of GWU and Andrea Krug of DOEE, evaluating how private developers implement mandated landscape requirements across varied development types; paper currently in peer review at MDPI's *Sustainability*
- Conducted primary research interviewing 10+ stakeholders across public agencies and private developers to gather evidence on permitting processes, compliance requirements, and cost considerations across both residential and commercial properties

Researcher — Bioswale Management Project

Spring 2026

- Conducted structured site surveys across DC's green infrastructure network, documenting infrastructure conditions, vegetation, and site-level data across multiple properties
- Compiled findings into a research report with data visualization and written analysis

LEADERSHIP, ACTIVITIES, & COMMUNITY SERVICE

Delta Tau Delta, Gamma Eta Chapter

George Washington University

Director of Recruitment

Spring 2024 – Fall 2024

- Elected for two semesters; organized events to produce the most new members of any GWU fraternity chapter in Spring 2024

OneWorld GW

George Washington University

Volunteer

Fall 2022 – Spring 2025

- Partnered with local nonprofit organizations on community service projects across the DC area

Appalachia Service Project

Appalachia

Volunteer

July 2018, 2019, 2021
